

codeaprint.com

on-demand label printing

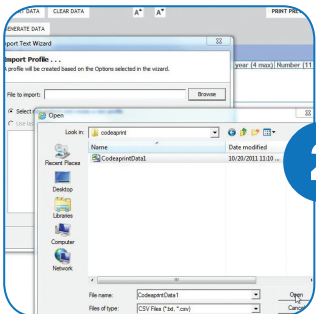

Codeaprint.com puts you in charge of file-labeling systems from your desktop. It's web-based, so there's no special label creation software to install. You don't need to worry about confidential data leaving your computer. You can control accounts, having an unlimited number of simultaneous users from as many computers as you need.

1

Choose your label design.

We have a wide selection of pre-made label designs that you can browse. Otherwise, give us a call, and we will create a customized design just for you.

2

Import your data.

Once you have chosen your design, use our easy program to input your data. Whether you type the information manually or upload a spreadsheet, you'll be able to preview and edit the results to ensure they are accurate and to your liking.

3

Print and affix your labels.

Using your desktop printer and the adhesive paper stock we've provided, you can print your labels at your convenience. Adhere to your folders, and you're done!

With Codeaprint.com, you can print brilliant color-coded labels on-demand, complete with individualized bar codes and graphics. Match your existing systems or customize with our help, then print. **Easy as 1-2-3!**
